Health Support Agreement

for education and care

of South Australia

SNY P 1

To be developed by the education or care service in consultation with the parent or legal guardian, to identify and document individualised risk minimisation strategies, management and treatment for a child or young person with health or personal care needs to support inclusion and participation in the full curriculum at the site. Must be accompanied by a Safety and Risk Management Plan. This information is confidential and will be available only to relevant staff and emergency medical personnel.
